BOSLEY
**REVITALIZER
FLEX CAP**

LOW-LEVEL LASER
THERAPY (LLLT)

**Wear the cap for as little
as 8 minutes a day, right
from home, to help treat
your hair loss!**

BOSLEY REVITALIZER FLEX CAP LOW-LEVEL LASER THERAPY (LLLT)

Bosley's Revitalizer Flex cap utilizes LLLT, a non-surgical, FDA-cleared technology that provides an easy, convenient, and effective way to help treat hair loss.

By stimulating cellular activity and blood circulation, LLLT promotes hair growth while reducing hair thinning.

The Bosley Revitalizer Flex cap helps treat hair loss:

- without medication
- without surgery
- without any known adverse side-effects

In just 8-minutes a day, from the comfort of your own home, the Bosley Revitalizer Flex cap helps treat your hair loss!

DERMA-ROLLER™
WITH BOSLEYMD'S
FOLLICLE ENERGIZER

The Bosley Derma-Roller helps stimulate the scalp and encourage the growth of healthy hair. Dermarolling is an innovative way to stimulate your scalp and rejuvenate your hair and skin.

- Stimulates the skin
- Increases blood flow
- Increases collagen production
- Exfoliates
- Rejuvenates

3 WAYS TO ROLL:
Hair, Beard and Face.

Bosley Hair Rejuvenation System

The Bosley Hair Rejuvenation System combines the Bosley Derma-Roller and BosleyMD's Follicle Energizer. This is a powerful two-step process of microneedling and follicle energizer, an advanced, intensive leave-in treatment that helps support healthy hair function in areas of thinning.

SATIN DREAM

PILLOWCASE

NEW!

BOSLEY

SATIN DREAM PILLOWCASE

Indulge in the ultimate luxury and hair care with **Bosley Luxury Satin Pillowcases**. They provide a silky-smooth feel that not only enhances your sleeping experience but also promotes hair health.

- **Hair Health Enhancement:** Proprietary fabric helps reduce friction and tangling, promoting healthier hair and preventing breakage.
- **Static Reduction:** Satin material eliminates static electricity, preventing hair from becoming frizzy and tangled, resulting in smoother and more manageable hair.
- **Breathable + Hypoallergenic:** Ensures a cool and comfortable night's sleep, making it ideal for those with sensitive skin or allergies. The pillowcases are FDA cleared, ensuring they are free from harmful substances and safe for use.

Hair loss starts earlier than you think.

Hair loss starts earlier than you think. 25% of men begin to losing their hair before age 21. 66% of men experience hair loss by age 35.

It's a lot easier to keep your hair than it is to get it back. Don't ignore those early warning signs, the sooner you start the fuller your hair will stay. BosleyRx helps you keep as much of your hair as possible. **Start now!**

HIGROWTH HAIR FORMULA

Recommended for: Receding hair line and thinning at the crown.

Compounded, no-pill, topical finasteride hair growth solution. A blend of clinically proven, FDA approved individual ingredients, finasteride and minoxidil, specifically formulated to help stop hair loss and stimulate hair growth. 2 different formulations available.

HiGrowth Hair Formula (original): finasteride as a topical, and minoxidil.

HiGrowth Hair Formula 2.0: same powerful ingredients as our original formula, also includes formula enhancers, tretinoin and hydrocortisone to aid with ingredient absorption and soothe skin to minimize irritation.

FINASTERIDE

Recommended for: Receding hair line and the crown.

An FDA approved prescription medication that treats male pattern baldness at the crown and mid-scalp. By preventing testosterone from converting into DHT it averts the shrinking that leads to hair fallout.

MINOXIDIL: TOPICAL AND ORAL

Recommended for: Thinning at the crown.

Minoxidil is clinically proven to regrow hair and slow down further hair loss on the crown.

Topical Minoxidil: the key ingredient in BosleyMD's Hair Regrowth Treatment. This FDA approved leave-in treatment reactivates hair follicles to simulate hair growth, fight hair loss and achieve thicker, fuller-looking hair.

Oral Minoxidil: Utilizes the same well-known, clinically proven, FDA approved ingredient to help combat hair loss – minoxidil, but as a convenient, once-a-day pill.

BOSLEY HAIR TRANSPLANT PROCEDURES

Hair transplantation remains the only permanent solution to hair loss. Male pattern baldness is the primary reason for roughly 95% of all hair loss in men, and affects men of all ages.

Bosley's FOLLICULAR UNIT TRANSPLANT (FUT)

Simple, one-day outpatient hair transplant procedure, that restores the hair in your thinning areas and hairline.

Bosley's FOLLICULAR UNIT EXTRACTION (FUE)

Minimally invasive outpatient hair transplant procedure that is completed in one day. No linear scar. Minimal recovery time.

The results are so natural looking, most people cannot tell that someone's had the procedure done.

BOSLEY SMP SCALP MICROPIGMENTATION

Scalp Micropigmentation (SMP) is an innovative solution that replicates the appearance of thicker, fuller hair, adds definition to your hairline, and provides **INSTANT RESULTS.**

Specially trained Bosley technicians apply a proprietary formula of pigment to the scalp with micro-fine needles to create thousands of tiny impressions, giving the illusion of hair.

- Affordable
- Non-Surgical
- Instant results
- No maintenance
- No recovery time
- Solution for both men and women
- Solution to help camouflage burns, scars, or birthmarks

BOSLEY EYEBROW RESTORATION PROCEDURE

Thinning eyebrows can make you feel like you've lost a part of what makes you beautiful. Bosley physicians combine years of practical experience with an artist's eye for beauty to achieve incredible results for our patients. Eyebrow transplants are permanent cosmetic procedures that can make your eyebrows appear fuller and thicker or replace lost hair.

- Restore over-plucked eyebrows
- Fill in hair over scarred areas
- Achieve thicker brows
- Provide a lifted appearance to the eyes
